This is a follow up to a previous request:

To Whom It May Concern:

I wanted to follow up on the following Texas Public Information Act request, copied below, and originally submitted on Nov. 7, 2018. Please let me know when I can expect to receive a response.

Thanks for your help, and let me know if further clarification is needed.

On Nov. 7, 2018:

To Whom It May Concern:

Pursuant to the Texas Public Information Act, I hereby request the following records:

Any and all records, contracts, or communication records referencing the purchase or implementation of Amazon Inc.'s facial recognition software. Amazon's facial recognition technology in question is known as "Rekognition." I am a member of the news media and request a waiver of fees for this request.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 business days, as the statute requires.

Sincerely,

Mack DeGeurin

Dear publicinformation@fortworthtexas.gov:

Office 365 has prevented the delivery of 9 new emails to your inbox as of 2/27/2019 12:00:00 AM (UTC) because it identified these messages as spam. You can review these here and choose what happens to them. You can also get more information about quarantined messages by going to the [Quarantine page in the Security and Compliance Center](#). You'll need to provide your work or school account to log in.

From this email, you can:

- Release the message to your Inbox. Choose **Release to Inbox** if the message isn't spam and you want Office 365 to send message to your inbox.
- Send the message to Microsoft. When you choose **Report as Not Junk**, Office 365 sends a copy of the message to Microsoft for analysis.
